PROFILE SUMMARY

Targeting **Frontend Developer** roles with an organization of high reputation with a scope of improving knowledge and further career growth.

- **Javascript, React, NodeJs, Tailwind** with a strong background in building scalable web applications.
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.

SKILLS

- **Programming:** HTML/CSS, JavaScript, Typescript, Node.js, React.js, GraphQL
- **Other:** Tailwind, Bootstrap, Firebase, Git & Github, MongoDB

PROJECTS

Github Repofinder ([Source Code](#)) ([Live Demo](#))

Tools: React, Tailwind, Github Api, GraphQL

- RepoFinder platform analyzes your github profile history to suggest you repositories for your next contribution.
- Developed the front-end using React + Tailwind, creating a responsive and intuitive user interface.
- Analysis of user's profile and gave them result on the basis of that implemented using github api's and graphql queries.

Quizzify ([Source Code](#)) ([Live Demo](#))

Tools: React, Tailwindcss

- Quizzify platform is dedicated to testing users' knowledge in the field of technology.
- Implemented front-end using React + Tailwind, creating a responsive and intuitive user interface.
- Track your progress with the built-in scoring system, which displays your current points and the number of correct answers.

E-sports hub ([Source Code](#))

Tools: React, Redux, Nodejs, Express, mongodb, Axios

- Platform provides you all information about upcoming e-sport events, and functionality to participate in that events.
- Implemented user authentication and authorization using Bcrypt & JWT, ensuring secure access to the application.
- Developed the backend using Node.js and Express, implementing robust APIs and integrating with MongoDB for efficient data management and storage.
- Utilized Redux for state management to ensure consistent and predictable application state.

EXPERIENCE

Frontend developer - Swami Infotech

Feb 2024 - May 2024 Surat, Gujarat

- As a Frontend Development Intern, I actively engaged in web development, focusing on creating visually appealing and responsive frontend elements.
- Gained hands-on experience with API integration, ensuring seamless data flow between the frontend and backend.
- Developed a strong foundation in web development, improving my ability to craft high-quality UI components and elements.

EDUCATION

Bhagwan mahavir university

B.Tech in Information Technology **CGPA: 7.5**

Surat, Gujarat

Expected Graduation, May 2025
